

Latin American Civil Aviation Commission LACAC

Presentation Global Ministerial Conference

Agust 29 to 31 2016

□ *Introduction*

What is LACAC

The Latin American Civil Aviation Commission is an international organization consisting of 22 states and aims primarily to provide the Civil Aviation Authorities of its Member States an appropriate structure within which to discuss and plan all the measures required for cooperation and coordination activities of civil aviation.

Mission

LACAC is an essential support to Member States, intended to become a platform to promote the development and security of international civil aviation activity in Latin America.

Vision

“Integration of air transport in Latin America”
